

OFFICE OF CONGRESSWOMAN LOIS FRANKEL (FL-22)

Community Project Funding (CPF): FY24 Energy & Water

Return completed form and required documentation to: becca.flikier@mail.house.gov

Due Date: Tuesday, March 14, 2023

Note: The Subcommittee will only accept legally eligible requests under the following accounts: Army Corps of Engineers (Civil Works), Investigations, Construction, Mississippi River and Tributaries, Operation and Maintenance; and Department of the Interior Bureau of Reclamation, Water and Related Resources.

General Information:

- Entity Requesting Funds (aka non-federal project sponsor):
- Primary Point of Contact (name, email, phone number, organization address):
- Project Priority (if non-federal sponsor is submitting more than 1 project):
- Short description of the project to appear in the report:
- Total Project Cost (including breakdown of federal/non-federal shares):
- Requested Amount:
- Sources of funding for the full share of the cost of the project if amount received is less than amount requested:
- Whether the project has received Federal funding previously, and if so, the source and amount:
- Complete Description of Project (limit 1000 characters, including spaces):

Energy & Water CPFs:

The Subcommittee strongly recommends that applicants contact the Jacksonville Corps of Engineers District Office to ask the following specific questions about the project of interest prior to submitting a Community Project Funding request:

- Is the project authorized?
- Is the scope of work to be funded within existing authorization?
 - If YES, the project may be eligible as a Community Project Funding request in the Energy and Water Development appropriations bill.
- What is the statutory citation?
 - If the project is an individually authorized project or a project under the Corps of Engineers Continuing Authorities Program, include the statutory citation in the statement of federal nexus.
 - If the project is authorized in a manner other than an individual project authorization or under the Corps of Engineers Continuing Authorities Program, please contact the Subcommittee for further clarification of eligibility prior to submitting a request.
 - If NO, STOP – the project is **not** eligible as a Community Project Funding request in the Energy and Water Development appropriations bill.
- What is the official project name?
 - Include this name in the “Project Title” field in the electronic system and in the certification of no financial interest.

- What is the fiscal year 2024 capability?
 - This amount is the maximum funding level the Subcommittee will consider for inclusion in the appropriations bill. The existence of a capability amount does not guarantee that funding level – or any funding – will be able to be accommodated in the appropriations bill; it simply indicates the maximum amount that can be considered for inclusion.
- For a Corps of Engineers project, what is the correct appropriations account in which to request funding?
 - Submit the Community Project Funding request under this account.
- For a Corps of Engineers project, is this project a new start?
 - The Subcommittee may provide funding for a very limited number of new starts, if any. While new start requests will be accepted, Members should consider this limitation when making requests.
- For a Bureau of Reclamation project, is this project authorized only under section 4007, 4009(a), or 4009(c) of the Water Infrastructure Improvements for the Nation (WIIN) Act of 2016 (Public Law 114–322)?
 - If YES, the project is **not** eligible as a Community Project Funding request in the Energy and Water Development appropriations bill.
