March 29, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for Briny Breezes Stormwater Pump Stations in fiscal year 2024. The entity to receive funding for this project is the Town of Briny Breezes, located at 4802 North Ocean Blvd, Briny Breezes, FL 33435. The funding would be used to install drains, drains, and a pumping station to eliminate flooding of the roadways in the case of a storm or heavy rainfall. The project is an appropriate use of taxpayer funds because it will reduce long-term costs associated with mitigating for adverse effects of the structure and the homes and businesses it protects in the case of a major coastal storm.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Lois Frankel  
Member of Congress
